The Chemical Company

# Cereal Solutions

## Fallow and pre-emergent

### Sharpen®

Highly active herbicide on a wide range of broadleaf weeds

### Premis® Pro C

Systemic control of smuts and bunts

### Clearfield seed

- Intervix tolerance
- High performance varieties

## Post-emergent

### Intervix®

Grass and broadleaf herbicide registered for use on Clearfield Crops

### Paragon® Xtra

Robust broadleaf weed control

### Opera®

Premium fungicide specifically designed to provide curative and protective control of major cereal leaf diseases

## Fallow

### Sharpen®

Highly active herbicide on a wide range of broadleaf weeds

Advanced BASF technology allows you to get the most out of every hectare of your cereal crop. BASF's Crop Protection division is a global leader in crop protection and a strong partner to the farming industry developing well established and innovative products to improve crop yields and crop quality.

### Key benefits:

- Market leading Clearfield technology – providing effective weed control with **Intervix**
- Herbicides developed for weed control across various cereal crops and fallow situations
- Seed treatment and foliar fungicide options to maximise yields and increase crop quality

# Product Portfolio

	Product	Strengths	Impact	Controls
ST	<b>Premis® Pro C</b>	<ul style="list-style-type: none"> <li>• Systemic control of bunts and smuts in wheat</li> <li>• Protection against insect pests of stored grain</li> </ul>	<ul style="list-style-type: none"> <li>• Improved grain fill</li> <li>• High quality viable seed</li> </ul>	Flag smut, loose smut and covered smut (bunt) and storage pests
H	<b>Sharpen®</b>	<ul style="list-style-type: none"> <li>• Powerful control of tough broadleaf weeds in fallow or prior to planting</li> <li>• Fast burndown of weeds</li> </ul>	<ul style="list-style-type: none"> <li>• Resistance management tool for broadleaf weeds</li> <li>• Cleaner paddocks</li> </ul>	A range of broadleaf weeds including fleabane, sowthistle, capeweed, prickly lettuce, marshmallow, wild radish
H	<b>Paragon® Xtra</b>	<ul style="list-style-type: none"> <li>• In crop broadleaf weed control</li> <li>• Contains multiple alternative modes of action</li> </ul>	<ul style="list-style-type: none"> <li>• Resistance management tool</li> <li>• Effective weed control</li> </ul>	A range of broadleaf weeds including wild radish, wild mustard and capeweed
F	<b>Opera®</b>	<ul style="list-style-type: none"> <li>• Specifically designed to provide robust control</li> <li>• Premium protection of major cereal diseases</li> </ul>	<ul style="list-style-type: none"> <li>• Higher yield and quality potential from cleaner crops</li> </ul>	Leaf, stripe and stem rusts, <i>septoria nodorum</i> blotch and powdery mildew
F	<b>Opus®</b>	<ul style="list-style-type: none"> <li>• Broad spectrum foliar fungicide</li> </ul>	<ul style="list-style-type: none"> <li>• Disease control</li> </ul>	Leaf, stripe and stem rusts, <i>septoria nodorum</i> blotch and powdery mildew
<b>Clearfield Production System</b>				
H	<b>Intervix®*</b>	<ul style="list-style-type: none"> <li>• Broad spectrum foliar and residual weed control</li> <li>• Manageable residual properties</li> <li>• Registered in <b>Clearfield</b> Plus Wheat CL Barley and CL Canola</li> </ul>	<ul style="list-style-type: none"> <li>• Flexibility of use</li> <li>• Cleaner crops</li> </ul>	A range of weeds including annual ryegrass, wild oats, barley grass, brome grass and wild radish
SEED	<b>Clearfield®</b> Plus Wheat Varieties	<ul style="list-style-type: none"> <li>• AGT Elmore CL Plus</li> <li>• AGT Grenade CL Plus</li> <li>• AGT Justica CL Plus</li> <li>• AGT Kord CL Plus</li> </ul>	<ul style="list-style-type: none"> <li>• High level of tolerance to <b>Intervix</b></li> <li>• High performance varieties</li> <li>• Provides flexible <b>Clearfield</b> cropping options</li> </ul>	
SEED	<b>Clearfield®</b> Barley	<ul style="list-style-type: none"> <li>• Scope</li> </ul>	<ul style="list-style-type: none"> <li>• High level of tolerance to <b>Intervix</b></li> <li>• High performance varieties</li> <li>• Provides flexible <b>Clearfield</b> cropping options</li> </ul>	

\*Intervix is only for use in Clearfield production systems.
